

23rd Edition Library Race – Friday, July 10th – 5K Run/Walk to benefit Kennebunk Free Library!

The Kennebunk Free Library is a terrific community resource. We make information enrichment and technology available to every citizen of our town and surrounding areas. The Library, a 501(c)(3) nonprofit, is responsible for raising about 25% of our annual operating expenses every year and the support of businesses and community members is essential in helping us meet our financial goals. All money raised by the road race is used to increase our collections including books, audiobooks, and DVDs as well as fund services such as programming support and e-book platforms. KFL patrons also have access to over 6 million titles with delivery on most items within less than a week thanks to Minerva – a consortium of over 60 public, school, and academic libraries!
